Mr. Barry Wallerstein  
Executive Officer  
South Coast Air Quality Management District  
21865 East Copley Drive  
Diamond Bar, CA 91785-0933

Dear Mr. Wallerstein:

**COUNTY OF LOS ANGELES  
2006 EMPLOYEE COMMUTE REDUCTION PROGRAM**

The County of Los Angeles, in accordance with Rule 2202 of the South Coast Air Quality Management District (SCAQMD), hereby submits its 2006 Annual Report for 64 regulated worksites as discussed with your Transportation Program staff. A total of 59 single sites, two multi-sites (containing actually four sites) and one combination ECRP/Emissions Offset submission are hereby submitted.

The County's regulated worksites have followed the Rule 2202 guidelines regarding good faith efforts and will be implementing a minimum of five marketing, five basic/support and five direct strategies which will be offered to County employees at each regulated location. In compliance with SCAQMD Rule 2202 reporting requirements, Average Vehicle Ridership (AVR) survey report data for all worksites with 250 or more employees are included as a part of the County's 2006 Employee Commute Reduction Program (ECRP) Report. The County is submitting a warrant totaling \$54,907.48, including \$45,196.80 in filing fees for its 60 single worksites, \$2,930.68 for its multi-sites and \$6,780 for the combination ECRP/Emissions Offset submission as mandated by Rule 2202. Attachment I contains the filing fee schedule by site. Attachment II comprises ECRP plans for all County regulated sites.

Metro Commute Services rideshare survey results indicate that 11 County worksites have achieved their Average Vehicle Ridership goals for 2006 and are, therefore, in full compliance with Rule 2202. Following verification of survey results by the SCAQMD's transportation division, the County will officially recognize the ridership goal achievements of these worksites. Also, there are 49 worksites reporting an increase in ridership over prior year survey results and 34 sites are at a 1.3 AVR or higher.

Mr. Barry Wallerstein  
December 1, 2006  
Page 2

The County continues to explore and implement new innovative rideshare strategies including, in 2007, the County's revised Telecommuting Program which will help reduce traffic congestion and air pollution throughout the Los Angeles basin.

The Chief Administrative Office's Office of Workplace Programs will continue to support the regulated sites in implementing the County's clean air plans and strategies. If there are any questions regarding the County's 2006 Employee Commute Reduction Plans, please contact Victoria Lane, Director, or Craig Hirakawa, Assistant Director, Office of Workplace Programs, at (213) 974-2619.

We greatly appreciate the cooperation and assistance of your office in pursuing clean air objectives in the County of Los Angeles.

Sincerely,

DAVID E. JANSSEN  
Chief Administrative Officer
